

EDEN

Day care centre

Term project

1st September 2019
– 31st August 2020

Address

Beskydská 274
741 01 Nový Jičín-Žilina

Target group

Adults with mental (moderate to severe) and multiple disability who need high degree of assistance and support. Approx. half of the clients are immobile.

Activities

You will support and assist users using EDEN's services. This means you will accompany them during practical activities like pottery and art workshops, cooking, baking and another everyday activities, such as self-care, hygiene and communication related to an active life style. In our centre you will participate in feeding of users, their education and in activating by using a various methods (positioning assistance, stimulus reliance, etc.). You will participate in the basics of positioning people with severe physical disabilities and will learn the basics of AAC (alternative and augmentative communication). You will also participate in the everyday activities of the centre, especially those focused on direct work with service users like helping immobile users to move around the centre, helping during meals or walks. You will also participate in various events organised at the centre and outside it and cooperate with workers in social services.

Challenges

The mission of EDEN day care centre is to support people with mental and multiple disabilities who need regular assistance within everyday activities. Therefore, your challenge might be to overcome your limits through these activities. Furthermore, you will also have the opportunity to make your own mini project about something which is close to you – for example about your country, traditions or habits.

Your profile

As a volunteer, YOU will approach your service responsibly and honestly. For our users, it is very important that you are patient, proactive, empathic and able to understand their needs. You also need to have healthy back and hands to work with users correctly and not be hesitant in asking. Naturally, you should also be open and willing to learn new things such as the Czech language.
