Support of families and children in difficult social situations and support of inclusive education in Krnov

## Term project

1st September 2019  
– 31st August 2020

## Address

Náměstí Míru 13  
794 01 Krnov

## Target group

Families and children in difficult social situations and children and pupils with socio-economically disadvantaged and culturally different background

## Activities

We are focusing on work with families and children who are going through certain difficulties in their lives. The 'We are not alone' project is focused on activities which allow parents in unfavourable social condition and their children to spend their time in a purposeful way. The project aims to support interpersonal relations, the personal development of children within safe environment, develop parental care and support the prevention against further deterioration of the family's social condition. The mission of Tutorial club of Slezská Diakonie is to support children in their preparation for schooling. The project focuses on activities supporting quality education of children and pupils with socio-economically disadvantaged and culturally different backgrounds. Activities such as puzzles, cubes, board games, storytelling, rhymes, fairy tales, drawing, colouring books, paper cut outs, ball games, rope skipping, preparation of meals, money management, communication with children, hygiene habits.

## Challenges

The volunteer should be creative, able of elementary multitasking and open to our wide target group (children, parents and grand-parents). Helping children with preparation for school and supporting them in practicing subject matter and reinforcing knowledge. Helping with the organisation of workshops for parents and trips.

## Your profile

It is important to not afraid to work alone or in a collective. It is helpful if you are creative, if you like to work with children, if you can listen to children – it is important to learn the Czech language quickly.
